Professional Summary:

Dynamic and results-oriented Senior HR Data Analyst with over 5 years of experience in analytics and data-driven decision-making. Skilled in consulting, data analysis, and solution development to drive strategic initiatives and support business objectives. Adept at collaborating with cross-functional teams to optimize processes and enhance data-driven insights. Proficient in SQL, Python, and database solutions implementation. Committed to delivering excellence in HR data transformation and empowering leaders with actionable insights.

Professional Experience:

Senior HR Data Analyst | Bank of America, [2023 - Present]

- Consulted, reviewed, and researched complex business, operational, and technical challenges, driving strategic initiatives and business needs.
- Conducted in-depth data analysis to extract insights and identify opportunities for engineering enhancements.
- Led and participated in large cross-group projects, ensuring successful project delivery and alignment with company objectives.
- Mentored less experienced staff, fostering a culture of continuous learning and development.
- Collaborated with peers, colleagues, and mid-level managers to resolve issues and achieve organizational goals.
- Demonstrated compliance and risk management expertise to ensure adherence to regulatory requirements.

HR Data Analyst | XYZ Corporation, [2020 - 2023]

- Analyzed HR data and business problems, contributing to the development of data-driven solutions.
- Implemented and validated database solutions, ensuring accuracy and efficiency in data processing.
- Applied mathematical and problem-solving skills to address complex business challenges.
- Participated in agile delivery model, facilitating rapid iteration and delivery of data products.
- Presented data-backed recommendations to management, influencing strategic decision-making.
- Engaged in industry groups aligned with Diversity, Equity & Inclusion, supporting Wells Fargo's commitment to diversity initiatives.
